

# 2018 Bay County Road Commission Projects

**#FixMIRoads is happening now! With some of Michigan's new road funding coming in, we are anticipating completing the following project in 2018. This list may not be all inclusive and subject to change.**

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<p><b>11 Mile Rd</b></p> <p>Wilder Rd      Wheeler Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 018011</p>	Williams	Chip Seal	Perform a single chip seal over paved surface
<p><b>11 Mile Rd</b></p> <p>Wilder Rd      North Union Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 018008</p>	Williams	Chip Seal	Perform a double chip seal over aggregate surface.
<p><b>11 Mile Rd</b></p> <p>Cody Estey Rd      Pinconning Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 118005</p>	Mount Forest	Chip Seal	Perform a single chip seal and fog seal over existing paved surface.
<p><b>7 Mile Rd</b></p> <p>River Rd      Linwood Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 118016</p>	Fraser	Chip Seal	Perform chip and seal with a fog seal from Linwood Road to 0.2 miles south of Wetters Road (Just north of the bridge, limits can be marked prior to construction if needed).
<p><b>7 Mile Rd</b></p> <p>Wetters Rd      Linwood Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 117010</p>	Kawkawlin	Crack Seal	

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>7 Mile Rd</b> Pinconning Rd      Bay Arenac Dr <input checked="" type="checkbox"/> Displayed on County Map <small>118013</small>	Pinconning	Chip Seal	
<b>8 Mile Rd</b> Midland Rd      Wilder Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018002</small>	Monitor, Williams	Chip Seal	Perform a single chip seal over existing double seal + durapatch
<b>8 Mile Rd</b> US-10      Salzburg Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018003</small>	Monitor, Williams	Chip Seal	Place 2,686 tons of 23A limestone aggregate, perform double chip seal
<b>8 Mile Rd</b> Midland Rd      End <input checked="" type="checkbox"/> Displayed on County Map <small>018004</small>	Monitor, Williams	Road Reconstruction	Crush and shape the existing road surface and add approximately (161 Ton) 23A limestone aggregate, approx. 22' wide.
<b>Amelith Rd</b> 3 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018031</small>	Frankenlust	Chip Seal	Perform a single chip & seal over existing pavement. Fog seal final surface. From 3 Mile to Overpass
<b>Amelith Rd</b> Michigan Rd      2 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017057</small>	Frankenlust	Road Paving	Cold milling & cement stabilize existing base and pave HMA 330lbs/syd (Approx. 3")
<b>Amelith Rd</b> M-84      3 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018034</small>	Frankenlust	Road Reconstruction	Crush & shape existing and pave HMA 330lbs/syd (approx 3")

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>Arms Rd</b> Knight Rd      Finn Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018015</small>	Hampton	Chip Seal	Perform a single chip seal over existing pavement
<b>Bay Mid Line Rd</b> Seidlers Rd      River Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018019</small>	Beaver	Road Paving	Wedge existing paved surface and overlay with 1 1/2" of HMA overlay on Bay Mid Line from Seidlers to River
<b>Beaver Rd</b> Fraser Rd      M-13 <input checked="" type="checkbox"/> Displayed on County Map <small>117002</small>	Kawkawlin	Crack Seal	Light crack seal (<500 ft.).
<b>Beaver Rd</b> Old Beaver S Leg      M-247 <input checked="" type="checkbox"/> Displayed on County Map <small>118004</small>	Kawkawlin	Chip Seal	Perform a single chip seal and fog seal over existing paved surface.
<b>Beaver Rd</b> M-13      M-247 <input checked="" type="checkbox"/> Displayed on County Map <small>117011</small>	Bangor, Kawkawlin	Crack Seal	
<b>Blake Dr</b> S Kara Dr      S Ryan Dr <input checked="" type="checkbox"/> Displayed on County Map <small>018021</small>	Frankenlust	Chip Seal	Fog Seal
<b>Blake Dr</b> Matthew Dr      Kara Dr <input checked="" type="checkbox"/> Displayed on County Map <small>018022</small>	Frankenlust	Chip Seal	Fog Seal

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>Borton Rd</b> Knight Rd                  Finn Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018016</small>	Hampton	Road Paving	Overlay existing HMA with 220 lbs/syd of 13A HMA
<b>Boutell Rd</b> 7 Mile Rd                  I-75 <input checked="" type="checkbox"/> Displayed on County Map <small>018040</small>	Kawkawlin	Add Gravel, Gravel Road	Place 1550 tons, approximately 4" of 23A Crushed Limestone in preparation of future year chip seal.
<b>Boutell Rd</b> Mackinaw Rd                  M-13 <input checked="" type="checkbox"/> Displayed on County Map <small>018036</small>	Kawkawlin	Chip Seal	Perform a single chip & seal over existing pavement.
<b>Bowker Rd</b> Cass Av                  Youngs Ditch Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018061</small>	Hampton	Chip Seal	Perform a single chip seal over existing pavement.
<b>Brandon Dr</b> Matthew Dr                  Kara Dr <input checked="" type="checkbox"/> Displayed on County Map <small>018020</small>	Frankenlust	Chip Seal	Fog Seal
<b>Cass Av</b> Michigan Av                  M-15 <input checked="" type="checkbox"/> Displayed on County Map <small>118019</small>	Portsmouth	Chip Seal	Perform single chip seal with fog seal over existing hard surface.
<b>Coggins Rd</b> Tower Beach Rd                  M-13 <input checked="" type="checkbox"/> Displayed on County Map <small>118029</small>	Fraser	Chip Seal	Perform double chip seal and fog seal surface after second chip seal application; Crack seal to be completed prior to work, the chip seal ref. project #118028.

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<p><b>Coggins Rd</b></p> <p>Tower Beach Rd                      M-13</p> <p><input checked="" type="checkbox"/> Displayed on County Map 118028</p>	Fraser	Crack Seal	Route and fill major transverse cracks with vegetation growing. Fill all other cracks using the overband method. Crack seal to be performed from September 2017 - May 2018 prior to the chip seal project which is scheduled for 2018. Ref. project #118029
<p><b>Cottage Grove Rd</b></p> <p>8 Mile Rd                              I-75</p> <p><input checked="" type="checkbox"/> Displayed on County Map 018039</p>	Kawkawlin	Chip Seal	Perform a single chip & seal over existing pavement.
<p><b>Court St</b></p> <p>Midland Rd                            End</p> <p><input checked="" type="checkbox"/> Displayed on County Map 017111</p>	Williams	Road Reconstruction	Crush and shape existing chip and seal road, add 2" of aggregate full width and pave with a single course 2" overlay. Install 12" aluminized cmp from catch basin on the east side of the cul de sac, install new catch basin on the west side of the cul de sec, field fit based on existing conditions.
<p><b>E Ryan Ct</b></p> <p>N Ryan Ct                              S Ryan Ct</p> <p><input checked="" type="checkbox"/> Displayed on County Map 018029</p>	Frankenlust	Chip Seal	Fog Seal
<p><b>Elizabeth Ln</b></p> <p>Borton Rd                              North End</p> <p><input checked="" type="checkbox"/> Displayed on County Map 017041</p>	Hampton	Road Paving	Wedge and overlay the existing surface with 165 lbs/syd of 13A HMA.
<p><b>Farley Rd</b></p> <p>M-25                                      Hampton Rd</p> <p><input checked="" type="checkbox"/> Displayed on County Map 118022</p>	Hampton	Chip Seal	Perform single chip seal with fog seal over existing hard surface.

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>Fraser Rd</b> Amelith Rd      Delta Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018032</small>	Frankenlust	Chip Seal	Perform a single chip & seal over existing pavement. Fog seal final surface.
<b>Fraser Rd</b> Salzburg Rd      US-10 <input checked="" type="checkbox"/> Displayed on County Map <small>018001</small>	Monitor	Chip Seal	Perform a single chip seal over existing double seal
<b>Garfield Rd</b> Beaver Rd      Seidlers Rd <input checked="" type="checkbox"/> Displayed on County Map <small>117038 117038</small>	Beaver	Road Reconstruction	Reconstruct by milling existing surface, adding aggregate separation course and pave with HMA to the specifications included in the design plans. Includes some drainage improvements as well.
<b>Hale Dr</b> Morin Dr      Youngs Ditch Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017084</small>	Portsmouth	Road Paving	Perform HMA overlay of the existing paved surface with 100 lbs/syd (3/4") of Ultra-Thin HMA, Medium Volume. Minor wedging may be required in spot areas.
<b>Hampton Rd</b> City Limits      Farley Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118021</small>	Hampton	Chip Seal	Perform single chip seal with fog seal over existing hard surface.
<b>Hotchkiss Rd</b> Garfield Rd      7 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118007</small>	Monitor, Williams	Crack Seal	Crack seal to be performed in April or May prior to chip and seal project which is also scheduled for 2018. Ref. project #118009.
<b>Hotchkiss Rd</b> Garfield Rd      7 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118009</small>	Monitor, Williams	Chip Seal	Perform a single chip and seal with a fog seal. Crack seal the same year, prior to chipping, ref. project #118007.

<b><u>Project Location</u></b>	<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>Hupfer Rd</b> Amelith Rd                      End <input checked="" type="checkbox"/> Displayed on County Map <small>018033</small>	Frankenlust	Chip Seal	Perform a single chip & seal over existing pavement. Fog seal final surface. 1000' south of amelith to the end
<b>Jane Dr</b> Borton Rd                      North End <input checked="" type="checkbox"/> Displayed on County Map <small>017042</small>	Hampton	Road Paving	Wedge and overlay the existing surface with 165 lbs/syd of 13A HMA.
<b>Jones Rd</b> Hampton Rd                      Arms Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018017</small>	Hampton	Road Paving	Overlay existing HMA with 220 lbs/syd of 13A HMA
<b>Kara Dr</b> Matthew Dr                      West Side Saginaw Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018024</small>	Frankenlust	Chip Seal	Fog Seal
<b>Kelly Dr</b> Morin Dr                      Youngs Ditch Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017082</small>	Portsmouth	Road Paving	Perform HMA overlay of the existing paved surface with 100 lbs/syd (3/4") of Ultra-Thin HMA, Medium Volume. Minor wedging may be required in spot areas.
<b>Kitchen Rd</b> M-13                      Tower Beach Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118025</small>	Fraser	Chip Seal	Perform double chip seal and fog seal surface after second chip seal application; Crack seal to be completed prior to work, the chip seal ref. project #118024.

<b><u>Project Location</u></b>	<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>Kitchen Rd</b> M-13                      Tower Beach Rd	Fraser	Crack Seal	Route and fill major transverse cracks with vegetation growing. Fill all other cracks using the overband method. Crack seal to be performed from September 2017 - May 2018 prior to the chip seal project which is scheduled for 2018. Ref. project #118025
<input checked="" type="checkbox"/> Displayed on County Map 118024			
<b>Knight Rd</b> Cass Av                      Hampton Rd	Hampton	Chip Seal	Perform single chip seal with fog seal over existing hard surface.
<input checked="" type="checkbox"/> Displayed on County Map 118020			
<b>Linwood Beach Rd</b> North Boutell Rd              Lebourdais Rd	Kawkawlin	Road Reconstruction	Survey and design engineering associated with installation of new storm sewer and drainage structures. Also, including design for rehabilitating the HMA surface.
<input checked="" type="checkbox"/> Displayed on County Map 116028			
<b>Linwood Rd</b> M-13                      Linwood Beach Rd	Fraser, Kawkawlin	Crack Seal	
<input checked="" type="checkbox"/> Displayed on County Map 118003			
<b>Mackinaw Rd</b> Freeland Rd                      Delta Rd	Frankenlust	Road Reconstruction	Cold Mill HMA surface, prepare existing base utilizing stabilization methods. HMA pave at 4.5" two courses. Install new box culvert cross at west branch of ditch creek and new large culvert under Weiss Road. Install guardrail at county drain crossings, centerline & edge corrugations and intersection improvements, at Weiss, Delta & Amelith.
<input checked="" type="checkbox"/> Displayed on County Map 117036			

<b><u>Project Location</u></b>	<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>Mackinaw Rd</b> Erickson Rd      Townline 16 Rd	Garfield	Bridge/Culvert Reconstruction >10	Mackinaw Road over the Johnson Drain (Structure #707) Enclose area between abutment, beams, and back wall. Fill void from above with flowable fill. Perform additional bridge maintenance as directed by engineer. This project satisfies RFA per Great Lakes Engineering 2018 Inspection.
<input type="checkbox"/> Displayed on County Map 118047			
<b>Mackinaw Rd</b> US-10      Midland Rd	Monitor	Road Reconstruction	Crush and Shape mainline from guardrail approach terminals to Midland Road, mill from guardrail approach to US-10 bridge (north concrete approach terminal). HMA pave, 2 course superpave.
<input checked="" type="checkbox"/> Displayed on County Map 118033			
<b>Matthew Dr</b> West Side Saginaw Rd      Kara Dr	Frankenlust	Chip Seal	Fog Seal
<input checked="" type="checkbox"/> Displayed on County Map 018025			
<b>Midland Rd</b> 4 Mile Rd      Mackinaw Rd	Monitor	Road Paving	Cold mill and pave with HMA. Also included intersection improvements, Midland and Mackinaw.
<input checked="" type="checkbox"/> Displayed on County Map 118032			
<b>Morin Dr</b> Kelly Dr      Hale Dr	Portsmouth	Road Paving	Perform HMA overlay of the existing paved surface with 100 lbs/syd (3/4") of Ultra-Thin HMA, Medium Volume. Minor wedging may be required in spot areas.
<input checked="" type="checkbox"/> Displayed on County Map 017083			
<b>Myers Rd</b> Mackinaw Rd      End	Frankenlust	Add Gravel, Gravel Road	Place 200 tons, approximately 4" of 23A Crushed Limestone
<input checked="" type="checkbox"/> Displayed on County Map 018063			

<b><u>Project Location</u></b>	<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>N Ryan Ct</b> W Ryan Ct                      E Ryan Ct <input checked="" type="checkbox"/> Displayed on County Map <small>018028</small>	Frankenlust	Chip Seal	Fog Seal
<b>Nebobish Rd</b> Orchard Rd                      Jones Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018014</small>	Hampton	Chip Seal	Perform a single chip seal over existing pavement
<b>Nebobish Rd</b> Wagner Rd                      Knight Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017043</small>	Hampton	Road Paving	Prepare outside 3 feet of aggregate shoulder on the north side of the road. Pave outside 3 feet with HMA 13A. Shift road crown 1.5 feet north to allow for a 3 feet road widening. No wedging adjusted yield higher to account for crown creation in the overlay. Overlay the entire 21 feet with 165 lbs/syd of 13A HMA.
<b>Neuman Rd</b> Bay Mid Line Rd                      Flajole Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118012</small>	Mount Forest	Chip Seal	Perform single chip seal and fog seal; Crack seal the same year as the chip seal ref. project # 118011
<b>Neuman Rd</b> Bay Mid Line Rd                      Flajole Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118011</small>	Mount Forest	Crack Seal	Crack seal to be performed in April or May prior to the chip seal project which is also scheduled for 2018. Ref. project #118012
<b>Old State Rd</b> Almeda Beach Rd                      Townline 16 Rd <input type="checkbox"/> Displayed on County Map <small>018005</small>	Pinconning	Bridge/Culvert Reconstruction >10	Remove existing failed culverts at the Johnson Drain. Replace with 2 cul-de-sacs on the north and south side of the culverts.

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>Parish Rd</b> M-13                  Linwood Beach Rd	Kawkawlin	Crack Seal	Crack seal to be performed in April or May prior to the chip seal project which is also scheduled for 2018. Ref. project #118018.
<input checked="" type="checkbox"/> Displayed on County Map 118017			
<b>Parish Rd</b> M-13                  Linwood Beach Rd	Kawkawlin	Chip Seal	Perform single chip seal and fog seal; Crack seal the same year as the chip seal ref. project #118017  Spot AMZ repair is needed along the shoulder more near the east end, 1.0 days of AMZ work is included in this project number.
<input checked="" type="checkbox"/> Displayed on County Map 118018			
<b>Pinconning Rd</b> City Limits                  End	Pinconning	Chip Seal	Perform single chip seal and fog seal; Crack seal the same year as the chip seal ref. project #118008.
<input checked="" type="checkbox"/> Displayed on County Map 118014			
<b>Pinconning Rd</b> City Limits                  End	Pinconning	Crack Seal	Crack seal to be performed in April or May prior to the chip seal project which is also scheduled for 2018. Ref. project #118014
<input checked="" type="checkbox"/> Displayed on County Map 118008 118008			
<b>Pinconning Rd</b> 7 Mile Rd                  8 Mile Rd	Pinconning	Crack Seal	
<input checked="" type="checkbox"/> Displayed on County Map 118010			
<b>Pine Rd</b> Munger Rd                  German Rd	Portsmouth	Road Reconstruction	HMA rehabilitation, Intersection Improvements, Drainage Improvements, Permanent Signing and Pavement Markings.
<input checked="" type="checkbox"/> Displayed on County Map 117039			

<b><u>Project Location</u></b>	<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>Ridge Rd</b> Pine Rd Knight Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018013</small>	Hampton	Chip Seal	Perform a single chip seal over existing pavement
<b>River Rd</b> Mackinaw Rd End <input checked="" type="checkbox"/> Displayed on County Map <small>018042</small>	Kawkawlin	Add Gravel, Gravel Road	Place 1550 tons, approximately 4" of 23A Crushed Limestone in preparation of future year chip seal.
<b>River Rd</b> Mackinaw Rd M-13 <input checked="" type="checkbox"/> Displayed on County Map <small>018037</small>	Kawkawlin	Chip Seal	Perform a single chip & seal over existing pavement.
<b>S Ryan Ct</b> Blake Dr E Ryan Ct <input checked="" type="checkbox"/> Displayed on County Map <small>018026</small>	Frankenlust	Chip Seal	Fog Seal
<b>Salzburg Rd</b> Garfield Rd 11 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118034</small>	Williams	Road Reconstruction	Crush and Shape minor drainage improvements and intersection improvement.
<b>Salzburg Rd</b> 3 Mile Rd 2 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118006</small>	Monitor	Crack Seal	
<b>Scheurman Rd</b> Youngs Ditch Rd Nebobish Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118023</small>	Hampton	Chip Seal	Perform single chip seal with fog seal over existing hard surface.

<u>Project Location</u>	<u>Township</u>	<u>Work Type</u>	<u>Project Description</u>
<b>Seidlers Rd</b> Garfield Rd      9 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017092</small>	Beaver	Road Paving	Single course overlay of existing surface, 220lbs/syd, aggregate shoulder, bankrun
<b>Seidlers Rd</b> 8 Mile Rd      7 Mile Rd <input checked="" type="checkbox"/> Displayed on County Map <small>018038</small>	Kawkawlin	Chip Seal	Perform a single chip & seal over existing pavement.
<b>Stanley Dr</b> Cass Av      End <input checked="" type="checkbox"/> Displayed on County Map <small>017081</small>	Portsmouth	Road Paving	Perform HMA overlay of the existing paved surface with 90 lbs/syd (3/4") of Ultra-Thin HMA, Medium Volume. Minor wedging may be required in spot areas.
<b>Tierney Rd</b> Cass Av      Dewyse Rd <input checked="" type="checkbox"/> Displayed on County Map <small>017085</small>	Portsmouth	Road Paving	Perform HMA overlay of the existing paved surface with 100 lbs/syd (3/4") of Ultra-Thin HMA, Medium Volume. Minor wedging may be required in spot areas.
<b>Tower Beach Rd</b> Kitchen Rd      Coggins Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118027</small>	Fraser	Chip Seal	Perform double chip seal and fog seal surface after second chip seal application; Crack seal to be completed prior to work, the chip seal ref. project #118026.
<b>Tower Beach Rd</b> Kitchen Rd      Coggins Rd <input checked="" type="checkbox"/> Displayed on County Map <small>118026</small>	Fraser	Crack Seal	Route and fill major transverse cracks with vegetation growing. Fill all other cracks using the overband method. Crack seal to be performed from September 2017 - May 2018 prior to the chip seal project which is scheduled for 2018. Ref. project #118027

<b><u>Project Location</u></b>		<b><u>Township</u></b>	<b><u>Work Type</u></b>	<b><u>Project Description</u></b>
<b>Val Ct</b> North Union Rd                      End		Williams	Road Reconstruction	Crush and shape existing chip and seal road, add 2" of aggregate full width and pave with a single course 2" overlay.
<input checked="" type="checkbox"/> Displayed on County Map 017018				
<b>W Ryan Ct</b> S Ryan Ct                      N Ryan Ct		Frankenlust	Chip Seal	Fog Seal
<input checked="" type="checkbox"/> Displayed on County Map 018027				
<b>Warner Rd</b> Cotter Rd                      End		Hampton	Chip Seal	Perform a single chip seal over existing pavement.
<input checked="" type="checkbox"/> Displayed on County Map 018062				
<b>Wetters Rd</b> 7 Mile Rd                      I-75		Kawkawlin	Add Gravel, Gravel Road	Place 1550 tons, approximately 4" of 23A Crushed Limestone in preparation of future year chip seal.
<input checked="" type="checkbox"/> Displayed on County Map 018041				
<b>Wheeler Rd</b> M-247                      State Rd		Bangor	Road Reconstruction	Survey, Design and Construction of the road including HMA, minor drainage improvements, intersection improvements, shoulders and pavement markings. This is a joint project with DW&S water service replacement.
<input checked="" type="checkbox"/> Displayed on County Map 118043				
<b>Zachary Dr</b> Matthew Dr                      Kara Dr		Frankenlust	Chip Seal	Fog Seal
<input checked="" type="checkbox"/> Displayed on County Map 018023				
<b>Ziegler Rd</b> Bridge                      Stone Island Rd		Frankenlust	Chip Seal	Perform a single chip & seal over existing pavement. Fog seal final surface.
<input checked="" type="checkbox"/> Displayed on County Map 018030
