

SUMMER 2019 BAY COUNTY ROAD COMMISSION

GIS TEMPORARY SUMMER EMPLOYMENT

The Bay County Road Commission is seeking individuals experienced in GIS applications to work through the summer of 2019. Duties will include expanding our current storm sewer mapping in ArcGIS, field work including GPS location of existing storm water assets and manhole asset inspections using Fetch GIS application. Additionally, we will have one opening for traffic counts, using traffic counters and VIAS traffic software. Those interested should submit a resume and application (<http://www.baycoroad.org/information/job-opportunities>) to Erik Dziurka (edziurka@baycoroad.org) no later than April 1st.
